

LOCUST POLICE DEPARTMENT

2024 ANNUAL STATISTICS

By: Chief of Police Jeff B. Shew, Locust Police Department

SUMMARY OF 2024 STATISTICS

OFFENSE TYPES/INCIDENT REPORTS

The Locust Police Department provides annually a report detailing crime and activity statistics for the previous year. In 2024, for the thirteenth consecutive year since these reports have been published, law enforcement activities and statistics for the City of Locust again showed the result of low criminal activity which continues to make Locust an extremely safe city to visit and live. 2024 statistics as well as a comparison to past years continued to show that although criminal activity is low, the tremendous growth that continues in Locust has resulted in a continuously elevated call volume for the agency. This fact resulted in the second highest call volume seen by the department since those call statistics began to be acquired in 2016, next to only 2023's final tally. Numbers continued for the thirteenth straight year to show an overall low daily incidence of larceny, fraud, and assault activity and near zero incidents of violent crime. The final numbers again indicate that in 2024 despite a city that has grown exponentially and continues to see additional growth, Locust remains a very safe city with an overall low volume of crime and criminal activity.

In 2024, a regulated system of report guidance with heavy oversight was implemented to assure reports that needed to be produced are completed while most non-criminal calls for service no longer required an incident report by Locust officers unless an involved party specifically requested one. Criminal offense type calls for service still required an incident report. As a result, in 2024 and going forward it will affect the appearance and numbers related to statistics that relied on completed incident reports and "offense" types contained in those reports used in all prior years. As a result, an additional statistics section will be included that documents all dispatched, attended, or initiated activities involving Locust officers. With 2024 being the first year of implementation of this statistical measurement, no comparison to past years is possible with the exception of criminal calls such as larceny, assaults, etc.

TOTAL CALL VOLUME

Including both calls for service that were dispatched or initiated by Locust officers as well as traffic stops conducted, the total call volume for the Locust Police Department in 2024 was 7,048. Broken down, this number would include 3,657 traffic stops conducted and 3,391 dispatched/initiated/or attended calls by Locust officers.

The top 10 types of calls dispatched or initiated by Locust officers in 2024 were 366 general calls for service that covered a variety of non-criminal calls, and 306 general escorts most of which were conducted for the Locust ABC store at the close of business. At #3, 266 general investigations or investigation follow ups were dispatched or initiated. These calls do not include all investigations conducted by Locust detectives and officers, but just those that were dispatched or announced through the communications center. #4 was 225 security alarm activations that were all determined to be false alarms, 219 medical calls at #5, and 213 business related larceny calls at #6. It should be noted that the number of “offenses” reported for business related larcenies were higher than the number dispatched and this just means that there were multiple business related larceny type offenses reported within some business related larceny dispatched calls. #7-#10 for the year were 179 suspicious vehicle calls, 161 motorist assist calls, and 142 suspicious person calls respectively. There were also 142 roadway traffic crashes dispatched to Locust officers. This type of call pertains to any traffic crash that occurred on Locust streets and highways in 2024 but does not include parking lot fender benders or hit and run reports.

INCIDENT REPORTS AND OFFENSES TYPES REPORTED

As stated previously, because our department’s report policy changed fully in 2024, a statistical analysis of incident reports recorded for year-to-year comparison would not be applicable. Criminal activity calls for service such as property crime, fraud, assaults etc. can still be compared however because they will always necessitate an incident report. The only other factor that may skew statistics related to offense types included in incident reports going forward is our department’s shift to participating in NIBRS (National Incident-Based Reporting System) reporting in Stanly County’s new report system.

For the thirteenth consecutive year in 2024, if accounted for the overall rate of incidence, statistics were extremely positive in the category involving call types related to property and financial crime. There was an overall DECREASE in property crime offenses for the year with a 14.2% decrease in call types related to theft or fraud. This percentage represented a decrease from 339 reported offenses in 2023 to 291 in 2024 with most of these reports again originating from the largest retailer in the city; Wal-Mart. Breaking that number down further, there was a very small increase of 2 business related larceny incidents (Much less than the increase of 30 seen in 2023), and a decrease of 23 fraud related incidents. Residential related larcenies offenses reported decreased from 33 to 21 for the year, and most of the incidents in that category were again thefts of materials or appliances from homes under construction where little to no security measures are present. A decrease of 15 vehicle-related larceny offense types was also recorded. Overall, personal larceny affecting persons, vehicles, or residences continued to be extremely low showing a daily average occurrence of just 0.079, or roughly just one incidence every thirteen days. It should be noted again in 2024, the Locust Police Department finished with a 78.6% positive clearance rate in property crime/fraud related reports meaning that essentially 79 of every 100 property crime or fraud incidents, the Locust Police Department made an arrest or achieved another satisfactory disposition (See 2024 Annual Clearance Statistics Report).

Alcohol and drug related offense types showed an increase of 26.5% for the year from 117 in 2023 to 148 in 2024. Increases in drug offenses, DWI incidents, and other alcohol related incidents/offenses were all factors in this category increase.

In the physical crime category, assault type offenses stayed the exact same as the prior year with 20 total reported for 2024. This statistic for the year represents a daily average reported occurrence of assaults in Locust of just .055 (One incidence roughly every 17 days) which makes for an extremely low frequency of occurrence.

Other offense types reported for 2024 were thirteen vehicle pursuits, twelve resisting officer incidents, eleven sex or indecent liberty related offenses, and three designated death investigations. The death investigations did not involve foul play.

BUSINESS/NEIGHBORHOOD PATROLS

For 2024, there was an increase in completed patrols by Locust officers from 25,987 in 2023 to 32,032 this year. This represented an increase of 23.3% and a daily average of completed patrols of 87.8 in 2024. Regular and frequent patrols of businesses and neighborhoods in Locust remain a heavily emphasized policy for all Locust patrol officers.

ARREST CHARGES

Arrest charges made by the Locust Police Department in 2024 were reported at 680, a 15.1% increase from the 591 in 2023. Minor charges associated with more serious charges led the number of arrest charges followed by misdemeanor larceny charges and driving while impaired charges. Per our 2024 clearance statistics report, the Locust Police Department showed an 86.7% clearance rate in criminal incidents (Essentially 87 of every 100 confirmed criminal incidents) which would be all incidents deemed criminal in nature that resulted in either an arrest or had to be closed due to exhausted leads. That statistic also showed that 427 Locust confirmed criminal incidents were closed by arrest which would include warrants obtained by Locust officers following investigations (See 2024 Annual Clearance Statistics Report).

CITATION CHARGES

Citation charges for 2024 may have seen an overall decrease in traffic enforcement citation charges issued by Locust officers, but no less presence being shown on Locust streets and highways. 2,203 citation charges were issued by Locust officers in 2024 which was 11.9% less than in 2023. Speeding, expired registration citations, and operating a vehicle without a driver's license were the top three charges issued for the year. Locust officers also issued 2,465 warnings on traffic stops this year which was 824 more than 2023. Speeding warnings were also tracked this year and Locust officers issued 396 warnings for speeding, 177 more than in 2023. For the first time this year, the total number of traffic stops conducted by Locust officers were logged for future statistical comparison and in 2024, Locust officers conducted a total of 3,657 traffic stops. Though the number of citation charges and warnings issued do not add up to the number of traffic stops, keep in mind that multiple citation charges can be issued on the same traffic stop.

TRAFFIC CRASHES

Traffic crashes reported in the city for 2024 were 258, up by 12 crashes from the prior year. This number represented a monthly average occurrence of approximately 21.5 crashes a month, but that included both crashes occurring on Locust streets and highways as well as minor parking lot "fender benders". There was also a tremendous amount of single vehicle crashes involving deer in 2024. A list of specific areas where crashes occurred in 2024 are included with each monthly report that can be found on the Locust Police Department website. In a nine-year comparison, although 2016 saw 220 crashes recorded, it does appear that growth in the city and an elevated amount of vehicle traffic on Locust streets and highways is contributing to higher numbers of crashes as the last two years have been the highest numbers recorded for the nine-year period.

ANNUAL STATISTICS BEGIN ON FOLLOWING PAGE – The first table displayed shows ALL calls and events that Locust officers were dispatched to, attended, or self-initiated in 2024 (minus area patrol activity). The second group of statistics cover offenses recorded in incident reports for the year. Due to the department's revised report policy, this statistics table will likely be altered beginning in 2025 to only include criminal incident reports recorded.

2024 TOTAL DISPATCHED/ATTENDED/INITIATED LPD EVENTS

- **The following statistics represent all dispatched, attended, or initiated calls and activities involving the Locust Police Department for the recorded year. This table can be considered as the total call volume for the calendar year and due to revised reporting policy, will be included in every year's final statistics going forward.**

*****THE FOLLOWING KEY PERTAINS MOSTLY TO INCIDENT REPORT OFFENSE TYPES LISTED IN THAT SECTION OF STATISTICS HOWEVER MOSTLY CAN BE USED TO DESCRIBE THE PRECEDING STATISTICS TABLE OF ATTENDED CALLS BY LOCUST OFFICERS*****

Offenses/Incident Reports Statistics Key

Call/Offense Types

Escorts Provided – General, Business Closing, Child Custody Exchange, Funeral, Etc.
Assist EMS/Fire – Medical Or Fire Calls With Law Enforcement Assistance/Involvement
Calls For Service – Various Community Service Or Non-Criminal Dispatches, Animal Complaints, Etc.
Mutual Aid – Help Requested And Given To Other Agencies
Assist Motorist – Stranded Motorists, Keys Locked In Vehicle, Flat Tires, Etc.

Alarm Calls – Business, Residential Alarm Activation Responses
Disturbances – General, Various, Or Domestic Disturbance Responses
Suspicious Activity – Dispatched Reports Of Suspicious Activities, Vehicles, Or Persons
Investigations – General, 911 Hang-Ups, Suicide Threats, Open Doors, Etc.
Property Calls – Reports Of Lost Or Found Property
Missing Persons – Reports Of Missing Or Found Individuals

Business Larceny – Larcenies Reported From Locust Businesses
Fraud – Counterfeiting, Forgery, Obtaining Property By False Pretense, Identity Theft, Etc.
Residential Larceny/Minor Larceny From Person – Breaking & Entering, Larcenies From Residences
Vehicle Larceny – Breaking & Entering, Larceny From/Of Vehicles

Traffic Offenses – Traffic Offenses That Result In Other Charges, Arrests, Vehicle Towed, Etc.
Property Damage – Malicious Damage To Businesses, Residences, Vehicles, Minor Vehicle Crashes
Warrants – Arrest Warrants, Court Processes Served
Harassment – Harassing Phone Calls, Communicating Threats, Etc.
Trespassing – Unlawful Entry, 1st Or 2nd Degree, Etc.
Other Illegal Activity – Resist, Obstruct, Or Delay, Vehicle Pursuits, Lesser Charges, Etc.
Ordinance Violations – Violations Of City Ordinances Investigated Or Committed
Vandalism – Defacement Of Property, Minor Arson, Etc.
Juvenile Violations – Illegal Activity Committed By Or Against Juveniles
Weapons Violations – Unlawfully Carrying Concealed Weapon, Possession By Felon, Etc.

Drug Offenses – Possession, Distribution, Intent To Sell, Etc. Involving Illegal Drugs
Alcohol Charges – Charges Involving Alcohol Other Than DWI
DWI – Driving While Impaired Reports

Assaults – Calls Related To Assaults, Affray, Etc.

Sex Offense – Reports Of Or Offenses Involving Unlawful Sexual Activity
Personal Larceny – Serious Larceny Or Robbery Including Strong Arm, With Dangerous Weapon, Etc.
Murder – Homicide

Death Investigation – Non-Criminal Investigations Of Unattended Deaths, Suicide, Etc.
